

Without a doubt we know that 92 year old CLARA FRECHETTE is indeed a child of God. We informed you of our project making Pillowcase Dresses and when Clara heard about it she really went to work. To date she alone has made 200 dresses.

Thank you Clara and may God continue to Bless You!

Pastor Jeff Martin invited us to speak and serve African food at his church, The Refuge, in Chetek WI. When we got to the church that Sunday morning to bring, we found the church basement flooded so we could not use it—but—Pastor Martin made went into work and the Community Center was made available for us to use. We did see that things happen fast in small towns and for that we were thankful.

Earlier this year, Kenya experienced heavy rains that flooded many villages, including the mission school. Thanks to funds received from Pastor Jeff Martin and The Refuge Church of Chetek, WI, along with Pastor Miles McMahon and the Calvary Chapel Sonora of Soulsbyville, CA we were able to restore the compound and the children can now walk and play on solid ground.

PRAISE THE LORD! OUR PRAYERS WERE ANSWERED.

This is the congregation getting a chance to taste Mandazi (like a doughnut), Samosa (dough stuffed w/ hamburger, leeks, and soreno peppers), Suku-ma Wiki (stir fried Kale), Fried Cabbage,

Chapati (fried flat bread/tortilla), Ugali (corn meal tasteless-white-stuff), and Beef Stew. Now when we were done all the food was gone so we saw that American's enjoy foods from other countries even if they don't know what they are eating.

We are indeed ONE NATION UNDER GOD.....

Josephine Kilde, above, speaks to the congregation about what the mission is about and future goals. Being from Kenya and one of the original participants of starting the mission, she was more than qualified to convey these goals and answer any questions. When spreading God's word and opening the eyes to what running a mission entails we feel blessed that there are those who really want to help those that cannot help themselves. When we first started this mission we knew that it was in God's hands as we are just his disciples following His lead and knowing that all things are possible for those that love God.
