Art and Craft class in progress with pupils moulding using cotton soil

Dear Brethren,

Greetings in the name of our Lord Jesus Christ. Hope Mission Centre continues to enjoy the day to day grace of our Lord Jesus Christ.

The month of September has been a wonderful month for the HMC family. The children continued with their studies undeterred by the hard times experienced in their homes during the holidays. The children expressed their joy of coming back to school as they were assured of not only education but also of a cup of porridge and lunch. These sentiments have severally been echoed by the parents and guardians.

Most parents keep acknowledging the work done by HMC and even express their desire that we would make the programme a fully fledged institution running from Nursery to University. We keep encouraging them to trust in the Lord Jesus, and to be careful for nothing; but in every thing by prayer and supplication with thanksgiving, to let their requests be made known unto God.

The staff fellowship is very grateful for the support accorded to us by you our brethren in the US, and I saw HOPE written all over their faces, especially when they saw the cleared rent receipts. We are also united in prayer for our own compound.

Thank you for being there for us and God bless you.

## OCTOBER 2011

The needs for the month of October are broken down as follows; Please note that there was a mistake I made. In the beginning of September as I paid the salaries, I prepared and used salary vouchers for the month of August, but one teacher was quick to note that I had not paid them salaries for the month of July. I went back to my records and realised that the last salary payment I did was on 27<sup>th</sup> of July where I cleared May and June salaries. In my mind, I thought I had taken care of July too (probably because the payments were done end of July). It was only after it was pointed out to me that I checked and realised the mistake. I recalled the August salary vouchers and prepared for July, therefore remaining with salary arrears for August. It was a sincere oversight and I'm sorry for the inconvenience caused.
